

Depop FAQs

1. The user is unable to complete checkout on Depop.
 - a. If the seller is based outside the UK or US, message the seller and ask them to contact PayPal to resolve any issues with their PayPal account.
 - b. Check whether the issue is caused by your internet connection by trying to check out using only Wi-Fi or only mobile data.
 - c. If buying from an international seller, message the seller and ask them to enable worldwide shipping if it is not already enabled.
 - d. Verify that your shipping address is in the correct format and update it if necessary.
 - e. No support escalation mentioned.
2. User hasn't received their order.
 - a. Check the tracking information.
 - b. If there's no tracking or the item hasn't shipped, message the seller.
 - c. If it's been more than 5 days since ordering, raise an issue in the app (or open a PayPal dispute if you paid with PayPal).
 - d. If part of a bundle is missing, contact the seller first.
 - e. If you can't access your Depop account, contact Depop and provide your account and order details.
 - f. Contact support if the seller provides tracking, but there's still a problem with the delivery.
 - g. Contact support if a bundled order is still missing items after contacting the seller.
 - h. Contact support if you can no longer access your Depop account.
3. Item received is not as described.
 - a. Check if the item qualifies as "not as described."
 - b. Raise an issue in the app within 30 days (or open a PayPal dispute if you paid with PayPal).
 - c. Provide a description and photos of the issue.
 - d. Keep the item in case a return is required.
 - e. If a return is agreed, send it back within 7 days using tracked shipping and update the tracking in the app.
 - f. Contact support if the seller doesn't respond within 48 hours (the issue is automatically escalated).
 - g. Contact support if the item was bought as part of a bundle (contact Depop Support directly).
4. Order hasn't arrived and it was placed less than a week ago.
 - a. Wait up to 5 days for the seller to ship the item.
 - b. If there's no tracking, message the seller first.
 - c. Contact support if the seller doesn't respond or hasn't shipped the item after 5 days.
5. Order hasn't arrived and the buyer paid with Depop Payments.
 - a. Check the order tracking.
 - b. Message the seller for an update or proof of shipment.

- c. If part of a bundle is missing, contact the seller first.
 - d. Contact support if the seller doesn't respond or the order hasn't arrived after 5 days.
 - e. Contact support if the buyer can report the order as not arrived within 30 days of purchase.
- 6. **Item is not as described and the buyer wants a refund**
 - a. Buyer can request a refund if the item is not as described, including incorrect items, counterfeit items, severe damage, or major flaws not shown in the listing.
 - b. Raise an issue in the app or through PayPal within 30 days.
 - c. Provide clear photos and a description of the issue.
 - d. Contact support if the dispute needs to be reviewed or resolved.
- 7. **Order hasn't arrived and the buyer wants a refund**
 - a. Buyer can request a refund if they haven't received their order.
 - b. Check tracking and raise an issue if the order hasn't arrived within 30 days (Depop Payments).
 - c. Contact PayPal to start a dispute if payment was made through PayPal.
 - d. Contact support if the buyer needs help resolving the issue.
- 8. **Buyer wants to return an item**
 - a. Buyer can return an item if Depop confirms it is not as described.
 - b. Return the item within 7 days using tracked delivery.
 - c. Keep proof of shipping.
 - d. Contact support if a return needs to be arranged or the refund cannot be processed.
- 9. **Buyer wants a refund because they changed their mind**
 - a. Depop does not require sellers to accept returns for changed minds, fit issues, or items that don't meet personal expectations.
 - b. Ask the seller if they will accept a return.
 - c. Resell the item using Repop if the seller does not accept a return.
 - d. Contact support if there is a covered issue with the order.
- 10. **Seller wants to refund a buyer**
 - a. Seller can issue a full or partial refund for orders paid through Depop Payments.
 - b. Go to the sold order and select the refund option.
 - c. Contact support if the sale was paid through PayPal and a fee refund is needed.
- 11. **Seller's account is no longer visible after purchase**
 - a. Buyer can't access the seller's profile after placing an order.
 - b. Check the order status and report the issue through the app.
 - c. Contact support if the item doesn't arrive or is significantly not as described.
- 12. **Can't find a purchased item in Purchases**
 - a. Buyer can't find an order in their Depop purchase history.
 - b. Check you're logged into the correct Depop account.
 - c. Check your email for the purchase receipt.
 - d. Check whether you paid through the app (orders paid outside Depop won't appear).
 - e. Contact support if you can't access the account where the purchase was made.

13. Purchased from a different Depop account

- a. Buyer made a purchase using another Depop account.
- b. Log into the account where the purchase was made to view the order and manage any issues.
- c. Contact support if you can't access the other account.

14. Paid for an item outside the Depop app

- a. Buyer paid the seller directly outside Depop.
- b. Report the seller and provide proof of purchase and seller details.
- c. Contact support if you need help reporting the seller or requesting proof of postage.

15. Missing item from a bundle order

- a. Buyer received a bundle but one or more items are missing.
- b. Message the seller first to check if the item was sent separately or missed.
- c. Request a partial refund or ask the seller to send the missing item.
- d. Contact support if the issue can't be resolved with the seller.
- e. Contact PayPal if the order was paid through PayPal.

16. Order hasn't arrived and buyer wants to raise an issue

- a. Buyer hasn't received an order paid with Depop Payments.
- b. Wait 5 days after purchase before raising an issue.
- c. Message the seller for updates before opening an issue.
- d. Raise an issue in the app to request tracking, a refund, or another solution.
- e. Contact support if the buyer and seller can't reach a resolution.

17. Seller hasn't responded to an issue

- a. Seller hasn't replied after a buyer raises an issue.
- b. Wait 48 hours for the seller to respond.
- c. Buyer will be refunded if the seller does not respond.

18. Item is not as described

- a. Buyer received an item that is significantly different from the listing or may not be authentic.
- b. Report the issue to Depop Support and provide photos of the item.
- c. Contact support to review and resolve the dispute.

19. Order paid with PayPal has an issue

- a. Buyer has a problem with an order paid through PayPal.
- b. Open a dispute through PayPal to request a refund.
- c. Contact support if the PayPal dispute process is complete and further help is needed.

20. Seller wants to refund a buyer

- a. Seller needs to send a refund for an order.
- b. Issue a full or partial refund through the Depop app.
- c. Use PayPal to refund buyers who paid through PayPal.
- d. Contact support if help is needed with the refund process.

21. Buyer hasn't received their order

- a. Buyer says they haven't received an order that was shipped.
- b. Check the tracking for delays and update the buyer.

- c. If using Depop Shipping, contact Depop if tracking hasn't updated 10 days after shipping.
 - d. If using your own shipping, work with the carrier and keep the buyer updated.
 - e. Contact support if the package is lost or damaged when using Depop Shipping.
- 22. Buyer has raised an issue for a missing order**
- a. Buyer has reported that their order hasn't arrived.
 - b. Respond to the issue and provide proof of shipping if requested.
 - c. Contact support if you need help resolving the issue.
 - d. Buyer will be refunded if you don't respond or can't prove the item was shipped.
- 23. Buyer says the item is not as described**
- a. Buyer says the item received is different from the listing.
 - b. Ask the buyer to raise an issue through the Resolution Center.
 - c. Provide evidence, such as photos, if you believe the item was accurately described.
 - d. Contact support if Depop needs to review the dispute.
- 24. Buyer paid with PayPal and says the item is not as described**
- a. Buyer has an issue with an order paid through PayPal.
 - b. Ask the buyer to open a dispute through PayPal.
 - c. Contact PayPal for disputes and resolutions.
- 25. Item is significantly not as described**
- a. Buyer received an item that is very different from the listing.
 - b. Covered issues include wrong size, wrong colour, counterfeit items, major
 - c. damage, missing bundle items, or undisclosed major flaws.
 - d. Report the issue with photos and purchase details.
 - e. Contact support if Depop needs to review the item and evidence.
- 26. Item issue is not covered as significantly not as described**
- a. Buyer has an issue that does not meet Depop's protection criteria.
 - b. Issues not covered include smells, minor damage on second-hand items, material differences, fit issues, or changing your mind.
 - c. Contact support if there is uncertainty about whether the issue is covered.
- 27. Buyer says an item is not as described (seller)**
- a. Seller receives a complaint that an item is different from the listing.
 - b. Ask the buyer to raise an issue in the app.
 - c. Provide photos or proof of the item's condition or authenticity if requested.
 - d. Contact support if the dispute needs review.
- 28. Item bought through PayPal is not as described**
- a. Buyer has an issue with an item paid through PayPal.
 - b. Contact the seller and document the issue with photos.
 - c. Open a PayPal "Not as Described" dispute.
 - d. Contact support if the PayPal dispute has been completed and further help is needed.
- 29. Seller wants a Depop fee refund after refunding a buyer**
- a. Seller refunded a buyer for a sale made through PayPal and wants the Depop selling fee refunded.

- b. Submit a request with account details and proof of the refund.
 - c. Refund the buyer through PayPal (desktop only).
 - d. Contact support to request the fee refund.
- 30. **Buyer doesn't recognise a fee or charge**
 - a. Buyer doesn't understand a fee shown on their order.
 - b. Check the order receipt for a fee breakdown.
 - c. Contact support if the charge is still unclear.
- 31. **Seller doesn't recognise a fee or charge**
 - a. Seller doesn't recognise a Depop or PayPal fee from a sale.
 - b. Check sales receipts and recent transactions in the app.
 - c. Check PayPal activity and linked payment methods if the fee is missing.
 - d. Contact support if the charge cannot be identified.
- 32. **Seller hasn't been charged a fee yet**
 - a. Seller sold an item but hasn't seen the fee charged.
 - b. Wait for the automatic fee charge (PayPal fees can be delayed up to 21 days).
 - c. Check that a payment method is linked for automatic payments.
 - d. Contact support if the fee still cannot be found.
- 33. **Seller used Boosted Listings and was charged an extra fee**
 - a. Seller was charged a Boosted Listings fee after a boosted item sold.
 - b. Check if the buyer purchased within 28 days of viewing the boosted listing.
 - c. Contact support if the fee appears incorrect.
- 34. **Seller sold a bundle and doesn't recognise fees**
 - a. Seller doesn't understand fees charged on a bundle sale.
 - b. Review the bundle sale receipt and fee breakdown for each item.
 - c. Contact support if the bundle fees seem incorrect.
- 35. **Seller wants to understand Depop Balance**
 - a. Seller wants to view money made from sales and past transactions.
 - b. Check Depop Balance in the app to view sales, refunds, and payouts.
 - c. Contact support if a balance transaction is unclear.
- 36. **Seller needs a top-up card for refunds**
 - a. Seller needs a backup payment method to refund buyers when their balance is too low.
 - b. Add or remove a top-up card in payment settings.
 - c. Contact support if there are issues setting up a top-up card.
- 37. **Seller has a negative Depop Balance**
 - a. Seller's balance is below zero after fees, refunds, or adjustments.
 - b. Add funds through the connected payment method to clear the negative balance.
 - c. Contact support if the negative balance is incorrect.
- 38. **Seller doesn't recognise a balance adjustment**
 - a. Seller sees an unexpected fee or deduction from their Depop Balance.
 - b. Review the adjustment transaction details.
 - c. Contact support with a screenshot if the adjustment is unclear.
- 39. **Seller needs to set up a direct debit for Depop Payments**

- a. UK seller needs to set up direct debit to cover refunds or disputes if their balance is insufficient.
 - b. Set up direct debit when enabling Depop Payments.
 - c. Contact support if there are issues with direct debit setup.
- 40. Seller hasn't received payment after a sale**
- a. Seller hasn't been paid after their order was delivered.
 - b. Wait 2 business days after delivery (or 10 days if using manual shipping).
 - c. Check that bank details are connected, verified, and correct.
 - d. Check that the Depop Balance isn't negative.
 - e. Contact PayPal if payment was made through PayPal.
 - f. Contact support if payment is still missing after checking payment details.
